NSF-funded WomenTech Educators Online Bootcamp Program
Dean Letter of Commitment

Dear Donna Milgram,

I am aware that ___________________________ is applying for the WomenTech Educators Online Bootcamp Program, funded by the National Science Foundation. I support this individual’s participation, and I recognize that they commit to the following grant-funded program activities:

- Taking part in the WomenTech Educators Online Bootcamp Program as a team of 6 members from our college (includes a team orientation call, 3-day online Bootcamp, and a total of 4 Follow-Up Support calls, 2 of which are Plan Feedback Tele-calls).
- Developing Recruitment and Retention Plans as a team for the targeted program, and posting plans in a private online learning community.
- Actively participating in the Follow-Up Support for plan implementation, which takes place in the 6 months after the online training ends, and a short, virtual presentation on the team’s plan implementation progress in a required, final group call.
- Posting successes and challenges in the online learning community, and responding to the posts of others.
- Participating in evaluation-related activities (no individual student data will be requested).

By signing this letter, I signify my understanding and support of this individual’s participation in the NSF-funded WomenTech Educators Online Bootcamp Program.
